

How Nonprofits Can Navigate Volatility (Webinar Recording)

Market volatility is inevitable but unpredictable. For endowments and foundations, preparing for volatility means understanding risk, creating resilience, and managing expectations. In this 45-minute webinar recording, the CAPTRUST team explores:

- Strategic approaches to mitigating risk
- Potential asset classes to enhance diversification
- Aligning your spending policies with your investment policy statement

Watch to learn more about strategies for navigating the ever-changing markets and the economy.
